

Patient Volume Reporting Periods

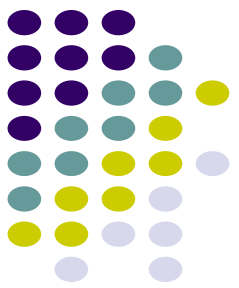

Attesting to Program Year 2019

Returning MU Providers

- If you have previously attested to MU, you must use a full calendar year for the CQM reporting period.
- As a result, you will not be able to do your final submission until after January 1, 2020.
- You can, however, submit Part 1 of your attestation now through December 31, 2019, and then return and submit Part 2 between January 1, 2020 and April 30, 2020.

Returning MU Providers

- If you attest to Part 1 between May 2019 and December 2019, and you select '12 months preceding today' and choose a 90-day patient volume reporting period that is not between 4/29/2019 – 12/31/2019, you will see the following error:

By selecting '12 months preceding today' you may only use dates between 4/29/19 and 12/31/19 when submitting Part One to accommodate your final submission after January 2020. Please select Prior Calendar Year to use dates from 2018 or select a reporting period from 4/29/19-12/31/19. If you have questions,, please email NCMedicaid.HIT@dhhs.nc.gov.

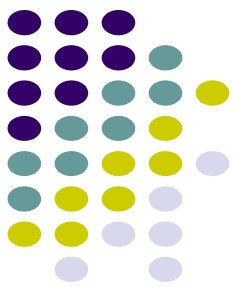

Enter the start and end dates of the continuous 90-day period for your patient volume reporting period.

* Select the date range 12 Months preceding today ▾

* Start Date 10/01/2018 

* End Date 12/29/2018

Returning MU Providers

- Since we do not know when you'll be fully submitting your attestation, we had to put this check in place so your patient volume is valid upon submitting Part 2.
- As a result, if you select '12 months preceding today' as your date range method, you can only use a consecutive 90-day reporting period between 4/29/2019 – 12/31/2019.
- The next page includes a calendar illustrating why these dates may be invalid upon your final submission.

2019

2020

Returning MU Providers

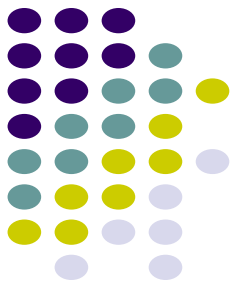

- Looking at the calendar on the previous page, you can see that if you attest on 4/30/2020, the 12 months immediately preceding the date of attestation are 4/29/2019 to 4/29/2020.
- If you previously submitted Part 1 with a PV reporting period of 1/1/2019 – 3/31/2019, your patient volume section is now invalid.

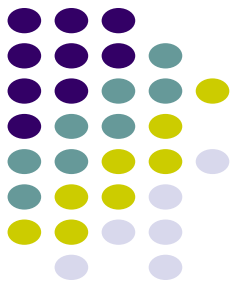

Returning MU Providers

- If that's a problem, you have the option to wait until after January 1, 2020, because these PV dates won't be automatically blocked. So depending on when you attest, you may be able to use dates between January 1, 2019 and April 29, 2019.
- If you still have a question, please email us at NCMedicaid.HIT@dhhs.nc.gov.

New MU Providers

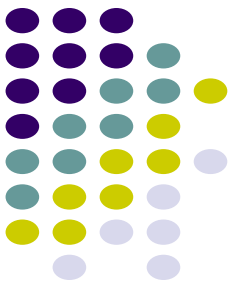

- If you are attesting to Meaningful Use for the first time, there are two options for your patient volume reporting period:
 - Prior Calendar Year (i.e. 2018 for Program Year 2019)
 - 12 Months Preceding Attestation

New MU Providers

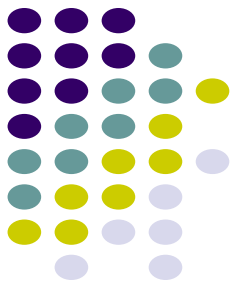

- If you choose prior calendar year for your Program Year 2019 patient volume reporting period, you can choose any consecutive 90-day period from 2018 – i.e. any consecutive 90 days between 1/1/2018 and 12/31/2018.

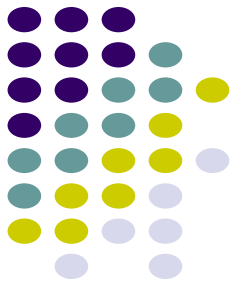

New MU Providers

- If you choose 12 months preceding attestation, you can select any consecutive 90-day reporting period from the 12 months preceding your attestation.
- For example, if you attest on January 21, 2020, you can select any consecutive 90-day period between January 21, 2019 and January 20, 2020.

Important Reminder!

- Keep in mind the closer your reporting period is to your date of attestation, the more likely your payment will be delayed. This is because we use paid claims to validate the number of encounters you attest to, so claims lag would be a major factor.
